## INTRODUCTION

Cable Depot FZCO is a professional cable distributor promoting top quality & prestigious brands. Managed by a dynamic staff, Cable Depot FZCO literally re-introduced the concept of Re-Distribution to the Middle East & Africa region (MEA).

We are an independent stockist and distributor of BELDEN wires and cables.

Based in Jebel Ali free zone area, Dubai, UAE The company has enjoyed over 8 years of business since its inception in 2001. The company is ideally situated to cope with all the demands of all its' Middle East customers, whether the requirement is large or small. We serve electrical distributors, re-sellers, and wholesalers alike, and offer a next day service where possible. British, US and European designs are supplied, each to the clients individual requirements.

Many coaxial and data transmission cables with Low Smoke Zero Halogen capabilities and fire resistant cables are commissioned and produced for stocks and customer requirements. Telecommunications and signal cables, as well as power cables with 1KV voltage form part of our standard stock profile. Cable Depot FZCO is actively involved in the export of American and European cables across the Middle East and North Africa.
